Super Cell®

- Energizes and protects every cell in your body*
- Antioxidant-rich blend supports immune health*
- Powered by whole food extracts

Ingredients

Supplement Facts

What's inside

Beta-Carotene, Vitamins C and E – Powerful antioxidants help protect the body from free radical damage.*

Pycnogenol® – Clinically studied antioxidant protection known for its anti-inflammatory properties and support of cardiovascular health.*

Powered By Nature – Grape skin extract, tomato, red wine concentrate, cayenne, citrus peel bioflavonoid complex, grape seed extract, natural mixed carotenoids, parsley leaf, beet fiber, kale leaf, broccoli, cabbage, spinach leaf, cauliflower, Brussels sprouts, cranberry juice, orange juice, apple, apple pectin, citrus pectin, peach, pineapple, and date fruit.

Magnesium and Potassium Asparates – Enhance endurance by combating the effects of ammonia that forms in the body during exercise.*

Pyruvic Acid (from Calcium Pyruvate) – Starts the Krebs Cycle by metabolizing carbohydrates so the body can produce adenosine triphosphate (ATP) during exercise to increase energy and lessen fatigue.*

D-Ribose – Promotes cellular energy in the heart and other muscles by accelerating the production of adenosine triphosphate (ATP).*
